### **Advantage PressurePro Celebrates 22 Years in TPMS Market** The leading providers of Commercial TPMS technology surpass 22 years in the industry

**Harrisonville, MO:** April 9, 2013: Advantage PressurePro, the world leader in Commercial Tire Pressure Monitoring applications recently celebrated their 22<sup>nd</sup> year in business. Incorporated in 1991, PressurePro continues to lead the market in advanced TPMS solutions and takes pride in their longstanding commitment to pioneering new TPMS technology while staying true to their roots.

“We are very proud to be heading into our 22<sup>nd</sup> year of work leading our market and look forward to continuing to push the bounds of our industry for the next 22,” stated Vanessa Hargrave, PressurePro’s Director of Marketing. “We hold great pride not only in being the Originals in our market, but also that we have been able to maintain our position while keeping our development and manufacturing right here in the USA.”

PressurePro’s comprehensive line of Tire Pressure Monitoring products are widely used across many markets including RV, Trucking, Bussing, Emergency Equipment, Mining and Heavy Equipment, Agriculture Applications and more and feature many advanced monitoring options including data logging, fully automated drop-and-hook solutions and integrated TPMS/Telematics options. For information on their full line, visit [www.pressurepro.us](http://www.pressurepro.us).

**About Advantage PressurePro, LLC:** Advantage PressurePro is the developer and marketer of the PressurePro line of Tire Pressure Monitoring Solutions. The leading aftermarket TPMS system worldwide, PressurePro has been involved in the industry since 1991 and is renowned as the pioneer in the TPMS market. With a reputation for reliability, durability, accuracy and ease of use of their solutions, PressurePro remains the only TPMS manufacturer that provides American Made product. The only TPMS provider to offer numerous advanced monitoring options, PressurePro was the first TPMS Company to add communications capabilities across their product line, bringing to life remote monitoring options alongside of the world’s leading Telematics products. PressurePro also remains the only TPMS provider to offer fully automated drop-and-hook applications and data logging abilities. Trusted by customers worldwide, PressurePro remains committed to providing savings and safety for drivers worldwide.
