### **PressurePro™ TPMS To Be Featured at FMCA's 90<sup>th</sup> Annual Showcase** World leading TPMS technology to be on display with National Distributors L&S Safety Solutions.

**Harrisonville, MO:** June 4, 2014: Advantage PressurePro, world leaders in Tire Performance Management Solutions (TPMS) has announced their representation at FMCA's 90<sup>th</sup> Annual Family Reunion & Motorhome Showcase. Scheduled to take place August 13<sup>th</sup> through 16<sup>th</sup> at the Deschutes County Fair & Expo Center in Redmond, Oregon, the Annual Showcase has become a staple to many in the RV community. Being featured by L&S Safety Solutions, of one PressurePro's leading North American distributors, PressurePro's newest products and solutions, that continue to add safety and savings for RVers, will be featured.

"More than ever, customers are looking now for ways to add safety, instant savings, and efficiencies to their vehicles and operations, and that's exactly what tire pressure monitoring can provide," stated Duane Sprague, CEO of L&S. "For more than 15 years, our customers have come to rely on us to provide a quality, American Made product... that is still affordable."

With knowledge of the significant benefits TPMS can provide at an all-time high, along with the current need to increase efficiencies and to stay competitive, PressurePro is the forerunner in TPMS technology today by providing high-quality products while maintaining a market reach that is unsurpassed.

L&S will be featuring PressurePro products in the Bank of the Cascades Event Center, Indoor Exhibit Area, Booth #211.

**About Advantage PressurePro, LLC:** Advantage PressurePro is the developer and marketer of the PressurePro line of Tire Pressure Monitoring Solutions. The leading aftermarket TPMS system worldwide, PressurePro has been involved in the industry since 1991 and is renowned as the pioneer in the TPMS market. With a reputation for reliability, durability, accuracy and ease of use of their solutions, PressurePro remains the only TPMS manufacturer that provides American Made product. The only TPMS provider to offer numerous advanced monitoring options, PressurePro was the first TPMS Company to add communications capabilities across their product line, bringing to life remote monitoring options alongside of the world's leading Telematics products. PressurePro also remains the only TPMS provider to offer fully automated drop-and-hook applications and data logging abilities. Trusted by customers worldwide, PressurePro remains committed to providing savings and safety for drivers worldwide.
